

Dear parent or guardian,

Does your child have any special dietary needs?

If NO, then you don't need to read this letter or do anything else.

If YES, then please read this letter and fill in and return the attached form to the school.

Food allergies, intolerances and other dietary-related medical conditions are a growing concern for schools. Children who are affected can suffer a severe or even fatal reaction if they eat or come into contact with food, they're allergic to.

So please:

1. Fill in the attached form as accurately as you can, describing any:

- Food allergies (for example to cow's milk)
- Other dietary-related medical conditions

Please don't use the form to describe your child's food likes and dislikes.

2. Please return the form to the school office

Once we get this information, we can make sure your child gets alternative meals that are safe for them.

If your child's condition changes after you send us the form, it is your responsibility to tell the school immediately. Please note that any changes to the menu for your child will take up to 5 working days to be implemented.

Thank you for taking the time to read this vitally important letter and filling in the attached form. Together, we can provide a really safe school environment for your child.

Yours faithfully

Alex Chaney
