

## School Newsletter – Friday 19<sup>th</sup> June 2020

---

Dear Parents and Carers,

Thank you for your continued patience and understanding at these challenging times. We continue to remain open to Years R, 1, 6, and as from next week we will be open to our Year 5 pupils.

Numbers have now been capped in order to maintain the bubbles, so we will no longer be accepting more children (except Vulnerable Pupils), unless the Government guidelines change. I am really sad that we will not be able to have our current Years 2, 3 and 4 back. Keep up the good work you have been carrying out with the Home Learning – please see below for an update on the Home Learning as from next week (as per my letter of 17.6.20).

Continue to stay safe and look after each other.

**Mr R. Boyjoonauth**  
**Principal**

---

### **Years R, 1, 5 and 6**

We will be having quite a large number of pupils attending school from next Monday. **Please observe social distancing when lining up outside the school gate and please respect your relevant drop off/pick up time. Yellow markers are on the pavements to assist with this.** We are teaching the children about distancing in the school, so it is important that as adults we role model this as well. Thank you for your cooperation.

---

### **Home Learning**

As per my letter of 17<sup>th</sup> June, new home learning will be set on Monday 22<sup>nd</sup> June for those pupils not attending school. For some year groups, work is in a 1 week block and for others, a 2 week block. Children have deadlines to send their work in by to the relevant Year Group email address. Miss Grenfell is coordinating all of the learning. The link for Home Learning is found under the "Our Learning" page on the home page.

If there is any work that you are particularly proud of, please email photos to Miss Grenfell and we can place this on our Twitter page!

---

### **E-Safety**

We know that a lot of our pupils are using technology far more since we have been on lockdown. Computers and tablets are wonderful things, but we must remind ourselves and the children to use the technology responsibly. Please see the attached link which contains useful information about how to keep safe and explains to parents how parental locks and controls can be placed on devices.
